POSTGRADUATE
ALLIED HEALTH INSTITUTE

Continuing Professional Development Lecture:

Community Health – whose pasal is it?

14 August 2024

Synopsis

Join us for an engaging discussion on the pivotal role of healthcare professionals in the era of HealthierSG and growing emphasis on place-based care and population health. Delve into the critical link between social determinants of health and community well-being. Let's explore why community health is everyone's pasal (concern) and discover how allied health professionals can contribute and make a meaningful impact. Don't miss out on this interactive session – it's not just business; it's our collective responsibility.

At the end of this talk, the participants will be able to gain an understanding on:

- The fundamentals of community health
- The health needs of the community
- How can healthcare professionals be involved

Target Audience

Allied Health Professionals

Registration

To register (Internet access is required), scan the QR code or click on the web link. Registration closes on **18 July 2024, Thursday**.

Speaker

Ms. Sherylene Heah Gaik Suan
Principal Medical Social Worker
Medical Social Services
Singapore General Hospital

Sherylene holds a Master of Arts in Social Work and completed a graduate programme in health administration and policy from the University of Chicago, USA. She has concurrent appointments with the Division of Population Health and Integrated Care and Community Mental Health Empowerment Team. Since 2018, she and her dynamic team of community care medical social workers have collaborated closely with stakeholders in bridging patients' care transition from hospital to the community, forging strategic partnerships with health and social service agencies, and elevating community and population health efforts through clinical services and co-development of innovative strategies and solutions.
