

Community Care Partners Programme: Parkinson Beyond Hospital

21 September 2024

Introduction

The Community Care Partners Programme for Parkinson Disease (CCPP) is Singapore's first-ever organised outreach programme for the Parkinson community with the primary aim of enhancing the delivery of community care and support to the Parkinson community by tapping on the well-integrated network of community healthcare facilities in Singapore.

Course Objectives

- Enhance confidence in managing and caring for patients in the community.

Course Outline

- Updates on management in Parkinson's care and tips on caring of Patients with Parkinson's and Caregivers in the Community to help them to live well in the community.
- Management of Upper Limb (Fine Motor Skills) in Parkinson's Disease by Occupational Therapists
- Management of Speech, Cognition, Swallowing in Parkinson's Disease by Speech Therapists
- Assess severity of freezing of gait (FOG) and strategies to minimize freezing of gait by physiotherapists.
- Be an ACP advocator to promote more holistic care for your patients.
